HOW TO USE

Application

- Prep the nail. Apply Dehydrator and Bonder.
- Apply Base coat and cure according to instructions.
- Apply a thin layer of Acrylic Gel, do not cure. Pick up bigger amount of gel and apply thicker layer.
- Cure for 60 seconds under a LED light.
- Remove sticky layer.
- Finish with your preferred top coat and cure for 60 seconds.

File-Off Removal

- Use a 120/180 grit file or an e-file with a suitable bit to remove the product.
